### From today's featured article

*Star Control* creators Paul Reiche III and Fred Ford

The **Ur-Quan** are a fictional race of predatory alien caterpillars in the *Star Control* series of video games, created by Paul Reiche III and

Fred Ford (both pictured). The first *Star Control* game introduces the Ur-Quan as leading a galactic empire which seeks to enslave Earth. Their story is expanded in *Star Control II*, revealing them as former slaves who since vowed to fiercely defend themselves. They

<sup>[12]</sup> Lockdowns are thought to be most effective at containing or preventing COVID-19 community transmission, healthcare costs and deaths when implemented earlier, with greater stringency, and
